Craft the Setting

of your story.

Every love story deserves a backdrop as unforgettable as the day itself. Choose from four wedding themes, designed to set the tone from the first walk down the aisle to the final toast.

Pastel harmony

Blush, lilac, and gentle cream tones unfold in soft layers for a serene, romantic setting. Roses and eustoma drift with airy touches of caspia and delphinium, lending a quiet, graceful lightness.

Verdant grace

Fresh whites and layered greenery set a timeless composition. Textural greens and delicate white florals, including baby's breath, eustoma, and Queen Anne's lace, shape a setting of effortless elegance and endearing appeal.

Golden summer

Warm hues of yellow, coral, and soft champagne fill the space with a sun-lit glow. Gerberas, roses, and seasonal blooms evoke the warmth and joy of a summer gathering.

Crimson reverie

Deep red and burgundy tones, softened by blush roses, evoke a sense of romance. Peonies and carnations add soft layers of texture and warmth, inspiring a classic and enchanting setting.
